## SUNDAY SCHOOL CLASS RELOCATIONS

This week we have had a chance to find out more detail about the extent of the damage the water leak had on the Patterson building. We were hoping the relocation would only be a one or a two week change. The work that needs to be done will take longer than we hoped, and the classes will need to make their current locations home for a little while. We will begin the work as soon as possible and complete it in a professional and safe way. So in advance, thank you for your flexibility and willingness to meet in a different place. We also appreciate you excusing the mess as the repairs begin to be made. Signs have been placed around the church to help direct classes to the new locations.
